

5 WHAT IS CLAIMED IS:

1. A solid cosmetic composition comprising:
 - (i) a water dissolvable solid carrier comprising a destructurized starch;
 - (ii) a fragrance deposited onto the destructurized starch; and
 - (iii) at least one cosmetic agent incorporated into the solid carrier in an amount
10 sufficient to provide a cosmetic benefit.
2. The composition according to claim 1 wherein the solid carrier is a zea mays starch.
3. The composition according to claim 1 wherein the composition is in a form selected
from the group consisting of tablets, pellets, beads and sheets.
15
4. The composition according to claim 1 wherein the cosmetic agent is selected from the
group consisting of surfactants, emollients, humectants, conditioners, sunscreens, anti-aging
actives and mixtures thereof.
- 20 5. The composition according to claim 1 which is in a honeycomb shape.
6. The composition according to claim 5 wherein the honeycomb is formed from a
plurality of sections, each of the sections defined by a fracturable perimeter allowing
separation of the section from the honeycomb.
- 25 7. The composition according to claim 1 wherein the cosmetic agent is present in an
amount from about 0.001 to about 50% by weight of the composition.

5 8. The composition according to claim 1 wherein the fragrance is present in an amount from about 0.001 to about 10% by weight of the composition.

9. The composition according to claim 1 wherein the destructurized starch is present in an amount from about 10 to about 100% by weight of the solid carrier.

10

10. A foamed solid cosmetic composition comprising:

- (i) a water dissolvable foamed solid carrier comprising a destructurized starch;
- (ii) a fragrance deposited onto the destructurized starch; and
- (iii) at least one cosmetic agent incorporated into the foamed solid carrier in an amount sufficient to provide a cosmetic benefit.

15

11. A solid cosmetic composition comprising:

- (i) a water dissolvable foamed solid carrier comprising a destructurized starch;
- (ii) a fragrance deposited onto the destructurized starch; and
- (iii) at least one cosmetic agent incorporated into the foamed solid carrier in an amount sufficient to provide a cosmetic benefit.
